

12V Solar Panel

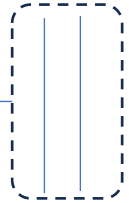

DC – DC Boost MT3608

FS1000A @ 433Mhz

Water Sensing Probe

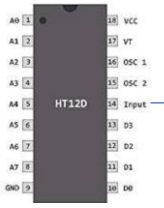

Remote Transmitter Unit

Please note that 433Mhz band may interfere with other gadgets (example Remote control for BLDC fans) so we strongly recommend to use 315Mhz variant of FS1000A

Base Receiver Unit

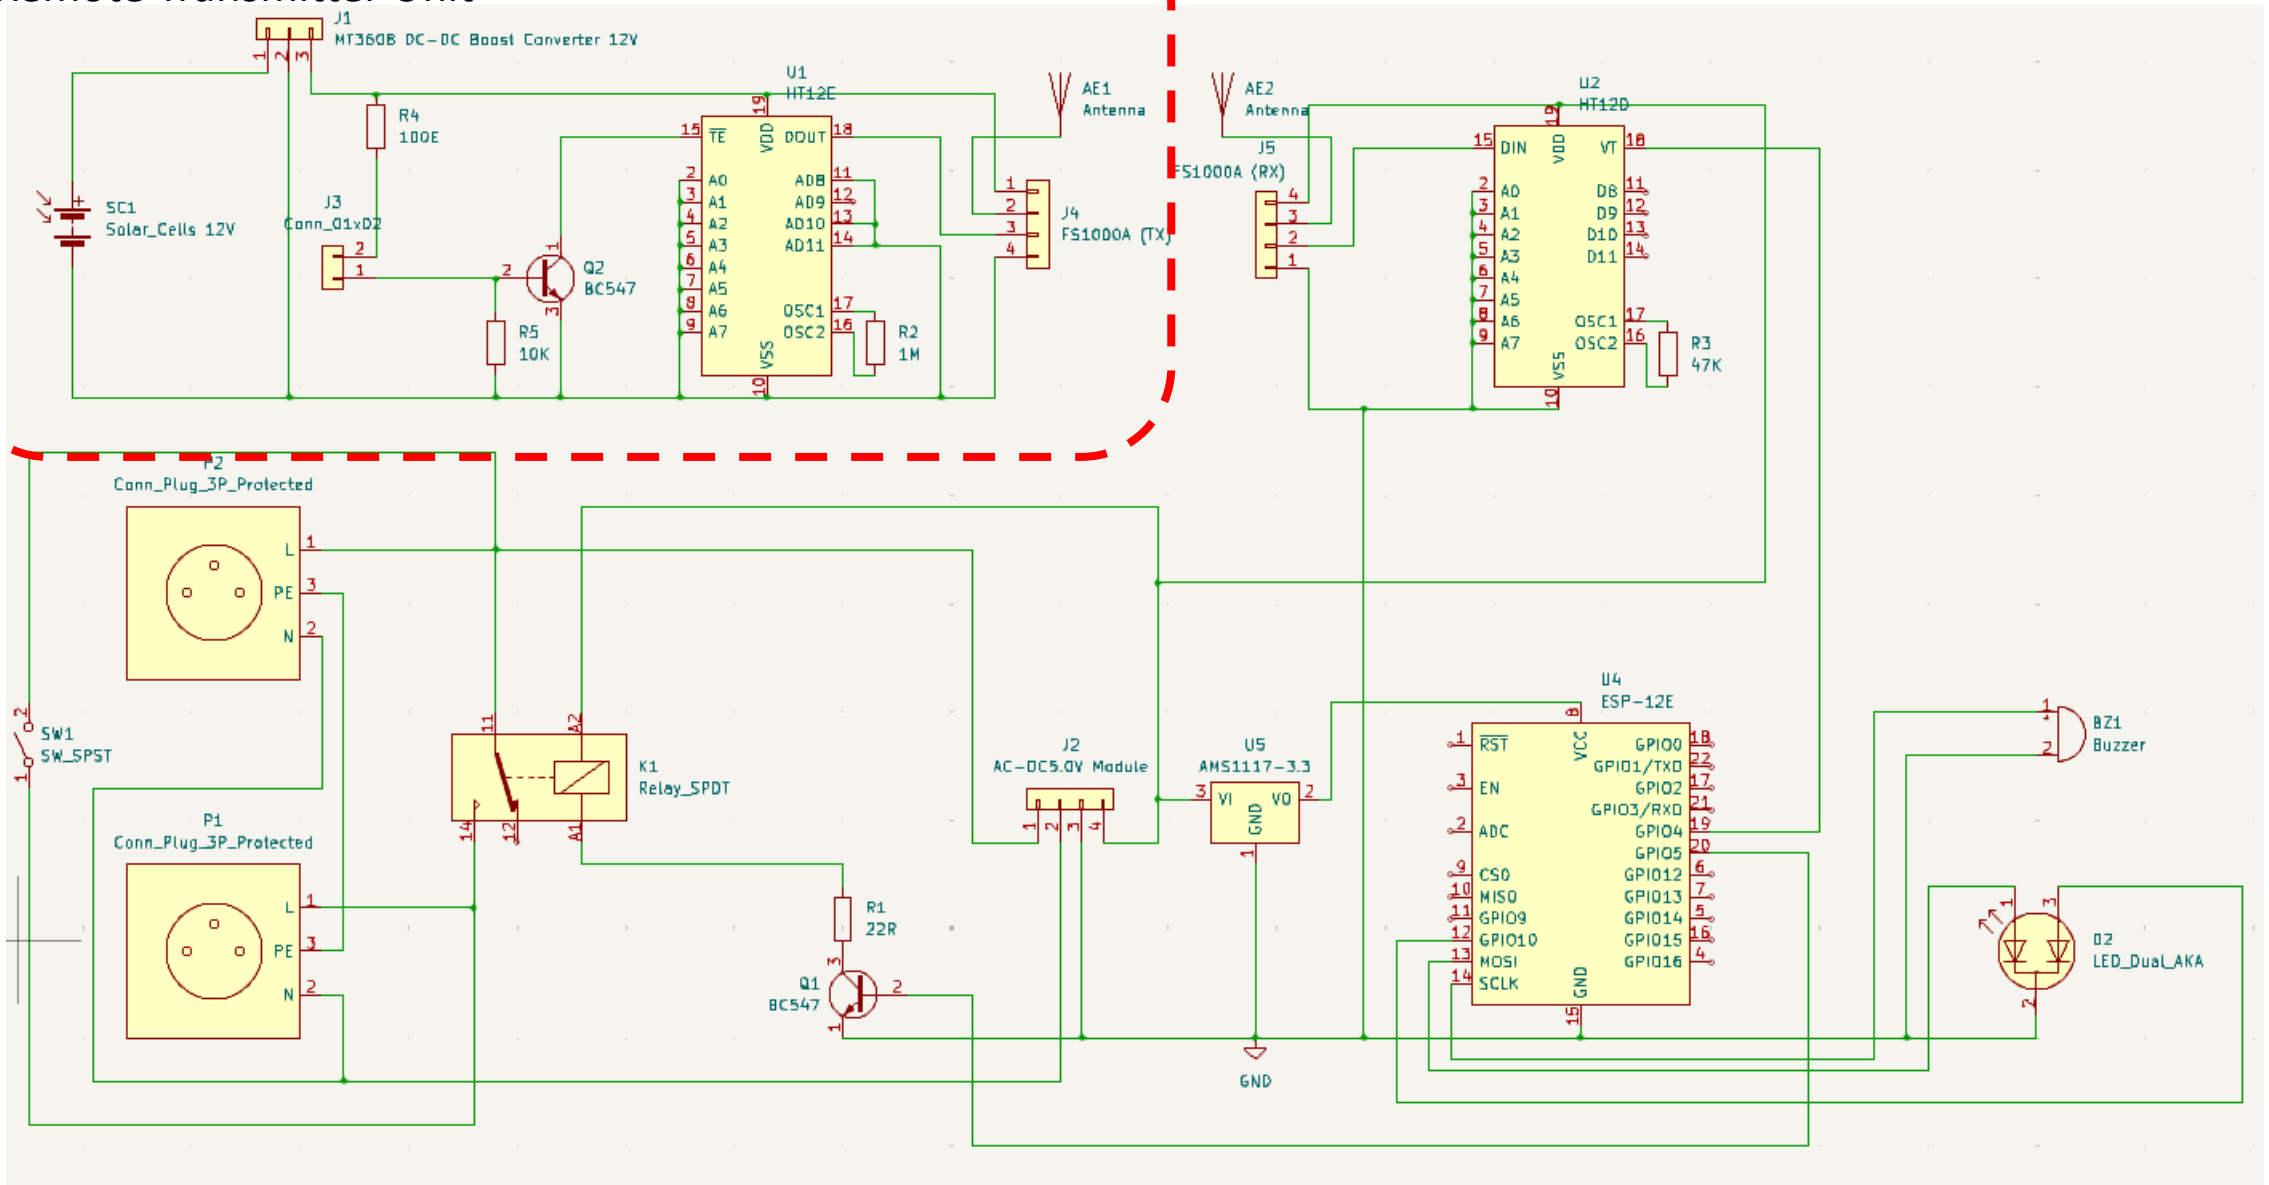

FS1000A @ 433Mhz

Remote Transmitter Unit

Base Receiver Unit

# Remote Transmitter Unit Installation

Air hole & water over flow

Probe

Water Level

Main pipe
